

Prescreening Guest Questionnaire

Updated July 2020

To protect all guests and staff, we are asking group leaders to prescreen all group member prior to your visit.

If someone answers **yes** to **any** of the following 3 questions, they should stay at home. Groups will not be charged for individuals cancellations relating to prescreening.

1. Have you traveled outside of the country? If so, have you had the required 14 days of quarantine? If not, please consult your physician.
2. Within the last ten (10) days, have you been within six (6) feet for longer than 15 minutes with someone who has suspected or confirmed COVID-19 infection, WITHOUT taking proper precautions like wearing a mask and frequently washing your hands during this contact period?
3. Have you had a positive test for COVID-19 infection within the past 10 days, or have you had close contact with or cared for someone diagnosed with a novel coronavirus (COVID-19) within the last 14 days?
4. Have you had any of the following symptoms in the last 5 days?
 - Fever or chills (100.4 degrees F or greater without the use of a fever-reducer)
 - Cough (respiratory symptoms - shortness of breath; difficulty breathing)
 - Fatigue
 - Muscle or body aches; general feeling unwell
 - Headache
 - New loss of taste or smell
 - Sore throat
 - Congestion or runny nose
 - Nausea or vomiting
 - Diarrhea

If a group member answers **yes** to **any** of the following 3 questions, please instruct them to **STAY HOME** and contact their physician. Thank you.
